SHIERRY

Filipino | Catholic | Separated | 40 years old | 2 kids
Philippines | 8yrs experience

I'm Shierry 40-year-old registered nurse from the Philippines, currently in my home country due to a lockdown that prevented my return to Hong Kong. With 8 years of experience caring for newborns and toddlers in Hong Kong, I have developed a deep understanding of the unique needs of young children. My expertise in child health and safety equips me to provide exceptional care for your little ones. I am dedicated to creating a nurturing and stimulating environment that addresses both the emotional and developmental needs of children.

Throughout my 8 years in Hong Kong, I spent four years with a Chinese family caring for their children and six years with a Western family, looking after newborns and older kids. I hold a Bachelor of Science in Nursing, and my daily responsibilities included bathing infants, ensuring clean diapers, feeding, putting them down for naps, and providing attentive care. I performed similar duties for the toddlers I previously cared for, treating them as if they were my own family.

I have a passion for working with children and am easygoing, enjoying both learning new things and playing with them. I can cook and follow recipes, and I know some healthy baking techniques for baby food. Honesty and respect are core values for me, and I believe in fostering mutual respect. Employers can rely on me for my ability to work independently and take initiative. I am well-organized and can tutor children, assisting them with their homework.

Having returned home on March 29, 2020, due to family issues, I have now settled my children and am eager to return to work to support them. If you are considering overseas employment, I would greatly appreciate your consideration.

Additionally, I can provide references from my previous Western employers, who are now in Singapore and Switzerland. Thank you!

WORKING STATUS

HK/Finished contract

Available from: 2026-09-11
